

April 8, 2020

To Family Members and Friends:

We are pleased to report the facility remains **without** any confirmed cases of COVID-19. Out of an abundance of caution, our facilities have been setting up potential COVID units in the event one of our Residents were to contract the virus. We are doing this simply as a precaution based on recommendations from our local and state health officials.

Here are a few updates for the week:

- **Life Enrichment** – With the warmer weather, we are starting to take our Residents outside for fresh air in small groups while practicing social distancing. Even though our Residents will be going outdoors, we will restrict visitors out of an abundance of caution.
- **Restrictions** - All the previous restrictions continue including visitor restrictions. We encourage you to continue connecting with your loved one through telephone emails, texts, ecards, video chat or social media.
- **Thank you** – we know how difficult this must be especially with the Easter holiday fast approaching. We will miss celebrating with our families and friends. It is our promise to you, these restrictions will not continue one minute more than deemed necessary. Our hearts have been warmed by the understanding, kindness, support and donations showed to our facilities during this Pandemic.

We will continue to be in touch with any changes, updates or guidance provided by the CDC and CMS. Should you have any questions, please feel free to contact the facility directly.

At Your Service,

Alicia Wilson , Administrator
